Item 8.01 – Other Events.

Completion of Redemption of 8.50% Senior Notes due 2026

On October 13, 2026 (the “Redemption Date”), Vulcan Infrastructure and Power Inc. (the “Company”) issued a press release announcing that the Company completed the redemption of all \$30,345,200 aggregate principal amount of the Company’s outstanding 8.50% Senior Notes due 2026 (the “2026 Notes”) at a redemption price equal to 100% of the principal amount of 2026 Notes to be redeemed, plus accrued and unpaid interest up to, but excluding, the Redemption Date, for a total payment of approximately \$30,868,233. Interest on the 2026 Notes ceased to accrue on the Redemption Date. Following the redemption, no 2026 Notes remain outstanding. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

Delisting and Deregistration of the 2026 Notes

Before the Redemption Date, the 2026 Notes were listed on The Nasdaq Global Select Market (“Nasdaq”) under the symbol “GREEL.” Because the entire class of 2026 Notes has been redeemed, Nasdaq filed with the Securities and Exchange Commission (the “SEC”) a notification of removal from listing and/or registration on Form 25 on October 13, 2026 to delist the 2026 Notes from Nasdaq and to deregister the 2026 Notes under Section 12(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Company expects the delisting of the 2026 Notes to become effective on or about October 23, 2026 and the deregistration of the 2026 Notes under Section 12(b) of the Exchange Act to become effective on or about January 12, 2027. The 2026 Notes ceased trading on Nasdaq as of the close of trading on October 12, 2026.

The redemption and delisting of the 2026 Notes do not affect the listing or registration of the Company’s Class A common stock, which remains listed on Nasdaq under the symbol “VIP.” The Company will continue to file reports with the SEC under Section 13(a) of the Exchange Act.

The information in Item 8.01, including Exhibit 99.1, of this Current Report on Form 8-K shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities under that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, regardless of any general incorporation language in such filing, unless expressly incorporated by specific reference in such filing.

Vulcan Completes Redemption of All Outstanding 8.50% Senior Notes Due 2026

Redemption Eliminates Vulcan's 2026 Debt Maturity and Strengthens Capital Structure

PITTSFORD, N.Y., October 13, 2026 – Vulcan Infrastructure and Power Inc. (Nasdaq: VIP) (“Vulcan” or the “Company”), a power and infrastructure platform focused on acquiring, developing and operating energized sites that support artificial intelligence (“AI”) and high-performance computing (“HPC”) data centers, today announced that it has completed the previously announced redemption of all of its outstanding 8.50% Senior Notes due 2026 (the “2026 Notes”).

The Company redeemed the remaining outstanding \$30,345,200 aggregate principal amount of 2026 Notes at a redemption price equal to 100% of the principal amount, plus approximately \$523,000 of accrued and unpaid interest through October 12, 2026. The aggregate amount paid in connection with the redemption was approximately \$30.9 million.

As of September 30, 2026, the Company had \$16.9 million in cash and digital assets, based on preliminary unaudited balances, after giving effect to the 2026 Notes redemption and approximately \$1.4 million of remaining expenses related to the previously announced PIPE transactions.

“Completing this redemption is an important milestone for Vulcan and reflects the execution of a key objective associated with the recently completed strategic investment,” said Jordan Kovler, Chief Executive Officer of Vulcan Infrastructure and Power. “The elimination of debt strengthens our capital structure and allows laser focus on advancing the significant power and AI/HPC infrastructure opportunities in front of us.”
